Transcend Industrial SSDs & DRAM Modules:

Powering Reliable Industrial Computing

Transcend's industrial SSDs and DRAM modules deliver the performance and reliability required for modern industrial PC systems. Available in a wide range of form factors—including U.2, 2.5", M.2 (22110/2280/2242/2230), mSATA, and half-slim—Transcend's SSDs leverage original BiCS5 NAND flash and optimized firmware to ensure long-term operational stability. Built with high-quality ICs and subjected to rigorous validation, Transcend DDR4 DRAM modules provide dependable performance in harsh environments while improving overall system efficiency.

Conformal Coating

Customized service to prevent storage devices from moisture, dust, and other contaminants.

JEDEC Compliant

DRAM modules fully compliant with JEDEC standards to ensure broad compatibility and seamless integration across industrial platforms.

Data Integrity

ECC error correction mechanism detects and corrects bit errors to ensure data integrity.

Featured Products

SATA III 6Gb/s
2.5" SSD

SSD472K

PCIe Gen4 x4
M.2 2280

MTE720T

SATA III 6Gb/s
M.2 2242

MTS570T

Long-DIMM/SO-DIMM

DDR4 DRAM Modules
